Continuing Human Formation Seminars*

Presents

Navigating Essential Boundaries

Oct 5–8, 2026
Jan 25–29, 2027

PROGRAM OVERVIEW

At the heart of everything we do at Southdown is our Vision for *Healthy Individuals, Healthy Communities, Healthy Church*. The Continuing Human Formation Program offers a dedicated time and space for deepening self-awareness and understanding life in a way that supports a holistic, healthy approach to ministry in the 21st century.

The program is designed as a process that is didactic, reflective, and interactive, with thoughtful attention to the complexity and evolving dynamics of the Church today. It offers an opportunity to deepen self-awareness and integrate practical skills for personal and professional growth in support of the evangelizing mission of Jesus Christ.

Navigating Essential Boundaries is the first seminar in the Continuing Human Formation Program.

Boundaries are the norms or rules that define what is appropriate in right relationships. In ministerial settings, they help safeguard physical, emotional, sexual, and spiritual spaces. Cultivating and maintaining healthy boundaries help support both our own well-being and that of those we serve within a community of faith.

NAVIGATING ESSENTIAL BOUNDARIES

The concept of navigating essential boundaries includes:

- Safeguarding relationships with others in a ministry capacity
- Strengthening our awareness of essential boundaries in ministry
- Appreciating the complexity of boundaries in varying cultural and societal contexts
- Growing insight into our areas of personal vulnerability
- Developing solid and sustainable strategies for self-care practices

The program is a combination of presentations and small group process. Designed and presented by members of the Southdown clinical team specifically for priests in parish ministries, the seminar is provided in a small group setting with a maximum of eight participants.

Sessions:

1. The Concept of Boundaries
2. Cultural Understanding of Boundaries
3. The Concept of Vulnerability
4. Personal Vulnerability and Risk Factors
5. Intimacy and Emotion Regulation
6. Emotional Intelligence and Affective Maturity
7. Sustainable Self-Care Practices
